

# Coombelands ODE

## June 2010

Everyone had a good day at Coombelands and this time the sun shone. All of the elements presented a few challenges for the younger horses. The dressage was exciting for both Rhia's and Justin's horses but they both stayed very cool (Rhia and Justin, not the horses!) and rode them positively and effectively to get reasonable scores. Amber put in a good test for Rhys, and Matt and Sophie both delivered low 30s in their tests. The showjumping was testing too, with not a clear round in sight! The cross country course did ask a couple of questions, causing a couple of stops for the less experienced horses, although Rhia and Sophie went clear. The team just missed a placing and Sophie was 3rd in her arena
