

Mini X/C Training at Withy Copse October 2011

A sunny Saturday morning in October saw us at Withy Copse Farm for Mini XC Training. This is a new venue for us, and has a great range of mini jumps including steps, water, logs and more.

All our members seemed to have great fun, and hopefully learned a lot as well. The second group had a few green ponies who also came on in leaps and bounds (literally!)

as they progressed round the course.

We are planning to run more sessions here in the new year, so keep an eye on the website for details.
